教學目標	Teaching Goal The teaching goal of this course can be described as follows: to offer basic knowledge in the field of philosophy of education; to let our students discuss and understand selected topics. Through this course, the students can also learn basic terms and inspirational quotes of this field.
每週課程內容及教學方法	<p>Course Outline An overview in the field of philosophy of education is introduced by discussing the relation between education and philosophy. Then, educational thoughts by Dewey, from the analytic philosophy as well as the postmodernism have to be unfolded, also because these thoughts, to a certain extent, contribute an important part in Taiwan's teacher education. Some topics like punishment, educational technology and alternative education have to be discussed, since these issues are closed to our daily life.</p> <p>第一週Week 1 Chap. 1 Education and philosophy Seminar: discussion with texts/ multimedia materials</p> <p>第二週Week 2 Chap. 1 Education and philosophy Seminar: discussion with texts/ multimedia materials</p> <p>第三週Week 3 Chap. 3 Dewey's philosophy of education and his life Seminar: discussion with texts/ multimedia materials</p> <p>第四週Week 4 Chap. 3 & Chap. 4 The tradition of the analytic philosophy of education Seminar: discussion with texts/ multimedia materials</p> <p>第五週Week 5 Chap. 4 The tradition of the analytic philosophy of education Seminar: discussion with texts/ multimedia materials</p> <p>第六週Week 6 Chap. 5 Postmodernism and poststructuralism in education Seminar: discussion with texts/ multimedia materials</p> <p>第七週Week 7 Chap. 5 Postmodernism and poststructuralism in education Seminar: discussion with texts/ multimedia materials</p> <p>第八週Week 8 Chap. 7-8 Ethics and moral education Seminar: discussion with texts/ multimedia materials</p> <p>第九週Week 9 Chap.6 Bildung - another concept of education; homework discussion Seminar: discussion with texts/ multimedia materials</p>
